

Agenda Summary
September 13, 2021

Agenda Item No. 3-E
Bid Award - Rte 108 Water Main Crossing Bids

Summary: On September 7, 2021 the Town received bids for the Rte 108 Water Main Crossing at the Stowe Mountain Resort Touring Center. Two bids were received with the following results:

Bidder:	Lump Sum Bid
Dale E. Percy, Inc	\$60,500
Walker Construction, Inc	\$62,500

This work is a FY'22 Water Capital project that we are working to complete this fall. Stowe Mountain Resort is separately contracting to install a new water service connected to the new main crossing allowing for the formal abandonment of the existing service which is fed through the hydraulically-deficient Toll House Area Water System (THAWS), which is privately owned with a Consecutive Water System Agreement.

Town Plan Impact: N/A

Fiscal Impact: The cost of this work will be paid out of the approved FY'22 Water operating budget of \$65,000.

Recommendation: Move to approve the award of the Rte 108 Water Main Crossing bid to Dale E. Percy Inc.
