

SHARING THE HEAT

*A Workshop Exploring
New Heating and Cooling
Infrastructure for Stowe*

5:30 PM, Thursday, Sept. 26, 2024
Stowe Free Library

JOIN US FOR THIS FREE, ONE-HOUR INTERACTIVE WORKSHOP WHERE YOU WILL:

*Learn about a neighborhood approach to using the waste heat we generate to make heating & cooling accessible and affordable across our community.

*Explore where we have excess heat and where we could use it.

*Understand how Thermal Energy Networks—a low-tech thermal solution—work and what we can do in Stowe.

Your input is needed. Please join your neighbors in this community-led initiative to leverage local opportunities and achieve shared goals. Refreshments will be served.

Please RSVP at <https://bit.ly/shareheat>

Hosted by the Stowe Energy Committee
